As a result of the discussion started by Dr. Tietjen and followed up by Larry Houston and myself on the subject of medical support to our overseas people, I wish to indicate that as soon as the Foreign Service Act had been passed this Staff began action to cover CIA personnel. The attached draft has been developed by SSA(Pers) pursuant to my specific request. The subject of this draft had been discussed with [redacted] of OGC and 2 members of the Medical Staff. Since I have recently had and undoubtedly will continue to have a number of problems evolving around the various sections of this recommendation, there is some urgency in our obtaining an appropriate decision from the Director.

I discussed this with Larry Houston this afternoon and have forwarded this date a copy of our draft to him. He has indicated to me that OGC will assume the responsibility for carrying this to its conclusion.
